

President's Letter

Hi everyone! It's July! Can you believe it?! We hope you enjoyed the 4th of July parade as we are now geared up for our seasonal visitors and, of course, the Festival of the Arts, on August 3rd & 4th. We always need volunteers to make it a success so please call the office or click here to see where you are needed the most. "It takes a village!" Don't forget, the Chamber office is open for Summer hours now: Monday-Friday 10-5 and Saturday-Sunday 10-3. Send your guests and visitors down so they can gather up all the information on Bigfork and the Valley. Oh, and make sure your current brochures are there!! Check the Chamber website and the calendar for all of the events going on this month. Everyone is working so hard this summer for our businesses and for our customers, I hope you are all able to take some time out for yourselves and enjoy our wonderful little town. Here's to a Joyful July - Janine

The Bigfork Festival of the Arts is just around the corner!

Here is what you need to know...

Celebrating its 41st year, the Bigfork Festival of the Arts will take place August 3rd & 4th.

It was May of 1978 when the idea of a Bigfork Festival of the Arts was first proposed. As so often happens in Bigfork, it started with a conversation on Electric Ave. between members of the community. The first festival was held on the first weekend in August of 1978. It was a resounding success despite the committee's inexperience. The feedback from the community was very positive and the group agreed that it should become an annual event. Elna Darrow served as festival chair for several years. In 2005, a committee of the Bigfork Area Chamber of Commerce took over leadership of the event with proceeds being earmarked for advertising/marketing Bigfork.

Over the years, the festival has grown steadily to its current size. There are more than 100 booths representing a wide variety of arts and crafts by nationally and internationally

recognized artists and craftsmen. Festival attendance is estimated to be more than 6,000.

The Festival of the Arts would not be possible without your help. Please sign up [here](#) to volunteer, or call our office at 406-837-5861.

Grand Drive and Electric Avenue will be closed to traffic both days from 6 am-5 pm. If you have a business or live in the downtown area, please contact the chamber for a parking pass.

The Bigfork Art and Cultural center has been hard at work on a special exhibition that highlights the diversity of artistic styles and mediums while using the human form. 42 artists have donated their time and talent to transform mannequin bodies or parts, using a variety of mediums, into unique works of art. These works will be displayed around the Flathead Valley at 28 locations, June 22 thru mid-August. The exhibition culminates in a lovely event at The Nest on Swan River on August 15, along with a chance to bid on your favorite piece! Click [here](#) to find out more!

Bigfork's historic Jug Tree has a new address on a new name!

The Jug Tree Liquor Store, an anchor on Electric Avenue for decades, spent 4th of

July weekend moving to their new home located at the intersection of Highway 35 & 83. Along with the move comes a new name, Bigfork Liquor Barn. The Bigfork Liquor Barn's new building is considerably larger, allowing for an expanded liquor and wine selection along with gifts. Read the full article from the Flathead Beacon [here](#).

Summer Fun Thanks to the Visitors-

Kim Morisaki - Director of Marketing & Business Development

I grew up in Lake Blaine with a summer routine that is still with me to this day. Any kid who gets to have their summer vacation in the Flathead Valley knows you do your chores in the morning so that the afternoon is free to spend at the lake, or biking, or some other fun thing with your friends. You eat dinner on the deck and you don't go inside until the sun goes down at 10:30PM. When there may only be 10 or 12 weeks of hot weather you don't waste a minute of it. When my boys were little, I would come home from work at 5:00 on any July evening and ask them what they wanted to do for the next five hours outside – go to the lake, play baseball in the backyard, our buzz down to the family farm in Bigfork? And then it was “Let's get to it, we are burning daylight!” Summer is a resource not to be wasted. They were exhausted by the end of

summer and always glad to go back to school!

I occasionally hear people complain about all the visitors who come to share our summers with us. I don't understand this. First of all, how can you blame them? Summers in Bigfork are the best! And there is so much we have that we would not have without the people who spend their money to be here for just a few days during the warm season. If it were always just the 100,000 of us year-round, we'd miss some wonderful things because there are not enough of us to financially support all these fabulous activities by ourselves. Visitors to the Flathead bought \$614MM with them in 2018 and supported over 11,000 jobs. \$44MM was proprietor income that went straight to local business owners and \$35MM went to State and local taxes. Most importantly, everything is better when you share!

Here is my Top Ten list of things we would not have without tourists.

- Air service on five airlines with non-stop flights to 13 national hubs
- 19 Craft breweries, distilleries, wineries and cideries
- The Bigfork Summer Playhouse and Alpine Theater Project
- A wonderful variety and quality of restaurants in every corner of the Flathead
- Many outdoor toy-rental companies for your boating, jet-skiing, and paddle boarding pleasure
- A fine collection of art galleries and art shows
- Glacier Symphony and outdoor concerts around the Valley
- Farmers Markets in every community
- Events that cater to every interest and attract people who patronize all our locally owned businesses
- Fabulous parades and firework displays every Independence Day

Our best Bigfork Summer 2018 activity (besides jumping off the rocks at Wayfarer's) was outside movies at Brookside Yard with my teenagers. I hope this is happening again in 2019! These are the little boys I taught not to waste a minute of summer and now with the arrival of hot weather we are looking forward to dinner at The Raven followed by a classic movie under the big Montana sky with our old friends and hopefully some new ones too!

40% of nonresident visitors came to Montana for vacation in 2018. 19% came to visit relatives or friends living here. (Institute for Tourism & Recreation Research, ITRR)

In 2018, 3% of all travelers to Montana were overseas visitors, who spent an average of \$218 a day. (ITRR)
